Phase 1: 800VA Victron Backup System

R29 217

Components:

Item	Quantity
Victron Multiplus 24/800/16-16	1
Omnipower Hybrid Gel/AGM 120Ah 12V Batteries	4
Prewired distribution box including string fuses, DC surge protection, AC surge protection, output circuit breaker, enclosure, cabling, battery fuses.	1

Note:

The above price Excludes VAT, VAT Registration Pending.

Installation and commissioning excluded

All Prices are subject to change without notice.

- Provision for load shedding and grid failures using the Victron backup system.
- System is ready for a 660W Frontier CIS Solar system.
- 800VA battery inverter for essential loads with 240Ah battery backup (2.5kWh, or 1.25kWh at 50% DOD).
- Battery cycle life of 1700 cycles at 50% DOD.
- Prewired distribution board for all system components including PV input.

Phase 2: 660W Frontier CIS Solar System

R14 523 (Tile Roof)

Components:

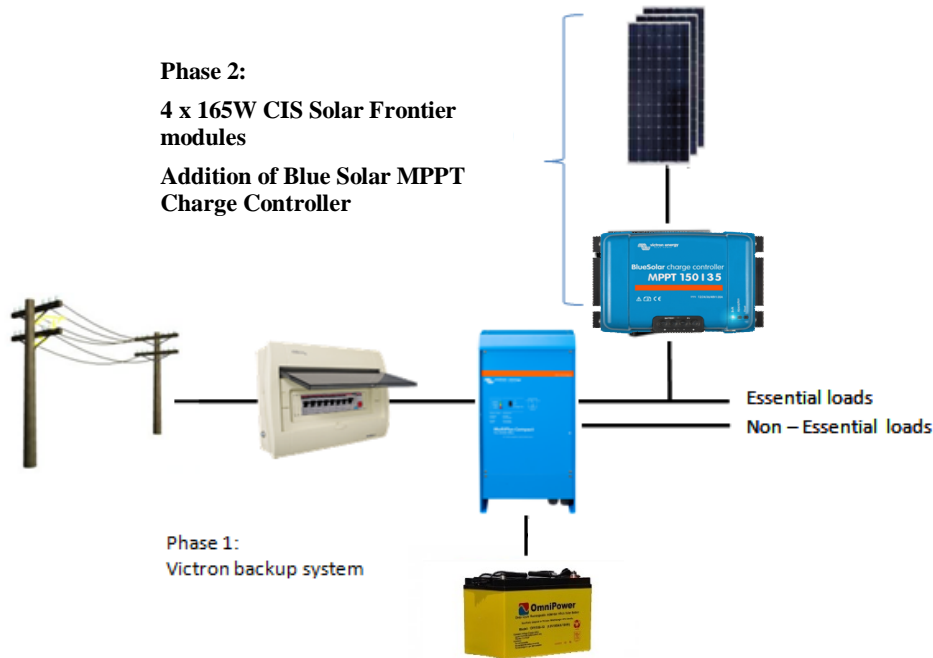

Item	Quantity
BlueSolar MPPT 150/35	1
Solar Panel Mounting kit	1
Solar Frontier SF 165-S modules	4

Note:

The above price Excludes VAT, VAT Registration Pending.

Installation and commissioning excluded

All Prices are subject to change without notice.

- Supplement your household loads up to 660W peak Frontier CIS Solar power.
- Daily Energy 3kWh to 3.6kWh per day irradiation dependent.
- Reduce your energy bill by using CIS power.
- Payback periods as good as 4 years.
- 800W Grid-tie Inverter synchronizes with AC grid to provide power for self-consumption and/or grid feedback.
