5kW Victron & Frontier CIS Solar System

- Provision for load shedding and grid failures using the Victron backup system.
- 5kVA battery inverter for essential loads with 560Ah battery backup (28.8kWh, or 14.4kWh at 50% DOD).
- Battery cycle life of 1700 cycles at 50% DOD.
- Prewired distribution board for all system components including panel input.
- Supplement your household loads up to 4.9kW peak Frontier CIS Solar power.
- Daily Energy 24kWh to 27kWh per day irradiation dependent.
- Reduce your energy bill by using CIS power.
- Payback periods as good as 4 years.
- 5kW Grid-tie Inverter synchronizes with AC grid to provide power for self-consumption and/or grid feedback.

R191 905 (Tile Roof)

Components:

Item	Quantity
Victron Multiplus 48/5000/70-50	1
Omnipower Hybrid Gel/AGM 180Ah 12V Batteries	12
Prewired distribution box including string fuses, DC surge protection, AC surge protection, output circuit breaker, enclosure, cabling, battery fuses.	1
BlueSolar MPPT 150/35	1
Solar Panel Mounting kit	1
Solar Frontier SF 165-S modules	30

Note:

The above price Excludes VAT, VAT Registration Pending. Installation and commissioning excluded All Prices are subject to change without notice.
