Solar LED lighting (Locally manufactured) standard Pricelist							
PIC	Code	Description	Unit Price				
	SFSOLST30 - 36W Locally manufactured range	6 - 7 meter pole - Galvanized and powder coated, choice of colours (local) 100 - 135w solar panel (local) 30 - 36w / Bridgelux, Osram or Forepi chip LED street - 3000 - 3750 (Assembled in SA) 10 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 150 amp Gel (import) 100 amp deep cycle x 2(local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	30w Complete R 18 222.90 36W complete R 18 354.00 Top section only 30W R 15 338.70 36W R 15 732.00				
	30W & 36W supplied along RBT Pretoria - 6 meter surface						
		SFSOLST40W Locally manufactured range	8 meter surface pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 40w Bridgelux or Forepi chip LED flood - 4000lm (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel x 2 / 1 x 200 amp Gel (import) / 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 114-127 mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	Complete R 21 762.60 Top section only R 17 698.50			
		40W on 8 meter surface poles - Lesotho					
			SFSOLST48 - 50	8 meter surface pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 48-50w Bridgelux or Forepi chip LED flood - 4800 - 5500m (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 100 amp Gel x 2 / 1 x 200 amp Gel (import) / 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 127 - 139mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Dimmable option available to reduce sizing on components and to reduce cost	Complete R 22 418.10 Top section only R 19 140.60		
			48W in DRC - Lumbumbashi - 8 meter surface poles				
				SFSOLST60	8 - 9 meter pole - Galvanized and powder coated, choice of colours (local) 145w solar panel (local) 60w Bridgelux or Forepi chip LED flood - 6000 - 6300lm (Assembled in SA) 20 amp regulator, IP68 (OEM Sunfor) Helukabel Solar cable pre made wiring & bolt kits (local) Luminaire (choice of designs) locally manufactured 2 x 150 amp Gel (import) 2 x 100 amp deep cycle (local) TOP mount Battery box, Mild steel with powder coat, lockable (local) Product data sheet on request with more descriptive information provided Poles supplied in round 114 - 127 - 139mm as buried or Plinth & bolt cage design (prices quoted are standard round buried poles) Standard warranties LED chip 5 years, LED driver 3 years, Solar regulator 3 years Battery 1 year, Battery box 3 years, wiring and bolt / nut kits 3 years Pole 10 years workmanship, Solar Panel 15 years Dimmable option available to reduce sizing on components and to reduce cost	Complete R 30 810.78 Top section only R 24 660.48	
				Offices - 60W 4000 & 6000k - 7.8 meter surface			

Prices quoted are on standard round buried galvanised poles. Square poles, powder coated poles, plinth basis and Anti Climbing devices (SPIKES on poles) are available at additional costs

All Prices are subject to change without notice.

Prices Exclude delivery and Installation

Specifications can be tailored to suit your needs. Please indicate your unique situation to enable us to spec. your lighting and ensure correct sizing of the Solar and batteries.

Factors that can influence the installation is the area of your project and the wattage of LED light required.
